## BOOK SYNOPSIS

Run time: 90 min. Mastering Candlestick Charts Parts I and II take candlestick analysis beyond the typical known patterns and interpretation of them. Whether you are new to candles or a veteran user, these videos will take your understanding of candles to a level not possible with the prior educational material available. This is done by taking your use of candles into the minds of other traders. How? By showing you how to interpret candles as a visual representation of traders thought and expectations. While the basic information of candlestick names will be covered, you will quickly come to understand why they are not needed. Start thinking like a professional and profiting on your next trade after watching these videos.
